Policy Statement

Child Protection Policy

Letchworth Garden City Eagles Football Club acknowledges its responsibility to safeguard the welfare of every child and young person who has been entrusted to its care and is committed to working to provide a safe environment for all of its members. A child or young person is anyone under the age of 18 engaged in any club football activity. We subscribe to The Football Association's Child Protection and Best Practice Policy and Procedures, Safeguarding Children and Young People in football (revised edition 2006) and endorse and adopt the Policy Statement contained in that document.

- 1) The Key Principles of the FA Child Protection Policy are that:
 - The child's welfare is, and must always be, the paramount consideration
 - All children, and young people have a right to be protected from abuse regardless of their age, gender, disability, culture, language, racial origin, religious beliefs or sexual orientation.
 - All suspicions and allegations of abuse will be taken seriously and responded to swiftly and appropriately
 - All volunteers working in sport have a responsibility to report concerns to the appropriate officer of the club
 - Working in partnership with other organisations, children and young people and their parents/carers is essential.
- 2) We acknowledge that every child or young person who plays or participates in football should be able to take part in an enjoyable and safe environment and be protected from poor practice and abuse. Letchworth Garden City Eagles Football Club recognises that this is the responsibility of every adult involved in our club.
- 3) Letchworth Garden City Eagles Football Club has a role to play in safeguarding the welfare of all children and young people by protecting them from Physical, sexual or emotional harm and from neglect or bullying. It is noted and accepted that The Football Association Regulations (see Appendix 1) applies to everyone in football whether in a paid or voluntary capacity. This means whether you are a volunteer mach official, helper on club tours, coach, club official or medical staff.

We endorse and adopt The FA's Child Protection and Best Practice Guidelines for recruiting volunteers and will:

- Develop a role profile
- Request identification documents
- As a minimum meet and chat with the applicant(s) and where possible conduct interviews before appointing
- Request and follow up with two references before appointing
- Require an FA CRB Unit Enhanced Disclosure where appropriate in line with FA guidelines.

All current Letchworth Garden City Eagles Football Club members with direct access to children and young people will be required to complete a CRB Enhanced Disclosure via The FA CRB Unit. If there are concerns regarding the appropriateness of an individual who is already involved or who has approached us to become part of Letchworth Garden City Eagles Football Club guidance will be sought from The Football Association.

It is noted and accepted that The FA will consider the relevance and significance of the information obtained via The FA CRB Unit and that all decisions will be made in the best interests of children and young people.

It is accepted that The FA aims to prevent people with a history of relevant and significant offending from having contact with children or young people and the opportunity to influence policies or practice with

children or young people. This is to prevent direct sexual or physical harm to children or young people and to minimise the risk of 'grooming' within football.

- 4) Letchworth Garden City Eagles Football Club supports the FA's Whistle-blowing Policy. Any adult or young person with concerns about a colleague can whistle-blow by contacting The FA Child Protection Team on 0207 745 4771 or by writing to The FA Case Manager, The Football Association, 25 Soho Square, London W1D 4FA or by going direct to the Police, Social Services, or the NSPCC. Letchworth Garden City Eagles Football Club encourages everyone to know about it and utilise it if necessary.
- 5) Letchworth Garden City Eagles Football Club has appointed a Club Welfare Officer (CWO) in line with The FA's role profile and completion of the Child Protection and Best Practice Workshop. The post holder will be involved with designated persons training provided by the FA. The CWO is the first point of contact for all club members and parents/carers regarding concerns for the welfare of any child or young person. They liaise directly with the CFA CPO and will be familiar with the procedures for referring any concerns. They will also play a proactive role in increasing an awareness of poor practice and abuse amongst club members.
- 6) We acknowledge and endorse The FA's identification of bullying as a category of abuse. Bullying of any kind is not acceptable at our club. If bullying does occur, all players or parents/carers should be able to tell and know that incidents will be dealt with promptly. Incidents need to be reported to the CWO or member of the committee or alternatively in cases of serious bullying contact the CFA CPO.
- 7) Codes of conduct for coaches, players, officials and parents/carers, officials and coaches have been implemented by Letchworth Garden City Eagles Football Club. In order to validate these codes of conduct the club has clear sanctions to deal with any misconduct at club level and acknowledges the possibility of potential sanctions which may be implemented by leagues or the CFA in more serious circumstances. All prospective members will be informed of these codes.

Use of Photographic/Filming equipment at sporting events

There is evidence that some people have used sporting events as an opportunity to take inappropriate photographs or film footage of young and disabled sportspeople in vulnerable positions. All clubs should be vigilant and any concerns should be reported to the Club Child Protection Officer.

Videoing as a coaching aid: there is no intention to prevent club coaches and teachers using video equipment as a legitimate coaching aid. However, performers and their parents/carers should be made aware that this is part of the coaching programme and give their permission, and such films should be stored safely.

The Football Association has issued detailed guidance on this issue and reference should be made to the FA web site for more information.

2. (a) In these Regulations the expression "Offence" shall mean any one or more of the offences contained in the Schedules of the Criminal Justice and Court services Act 2000 and any other criminal offence which reasonably causes The Association to believe that the person accused of the offence poses or may pose a risk of harm to a child or children.

(b) All persons in such positions that The Association deems relevant whose normal duties include caring for, training supervising or being in sole charge of children are required to obtain an Enhanced Disclosure via The Association's CRB process.
3. Upon receipt by The Association of:
 - 3.1 Notification that an individual has been charged with an Offence; or
 - 3.2 Notification that an individual is the subject of an investigation by the Police, Social Services or any other authority relating to an Offence; or
 - 3.3 Any other information which causes The Association reasonably to believe that a person poses or may pose a risk of harm to a child or children then The Association shall have the power to order that the individual be suspended from all or any specific football activity for such period and on such terms and conditions as it thinks fit.
4. In reaching its determination as to whether an order under Regulation 3 should be made The Association shall give consideration, inter alia, to the following factors:-
 - 4.1 Whether a child is or children are or may be at risk of harm;
 - 4.2 Whether the matters are of a serious nature;
 - 4.3 Whether an order is necessary or desirable to allow the conduct of any investigation by The Association or any other authority or body to proceed unimpeded having a regard to the need for any action to be proportionate.
5. The period of an order referred to in 3 above shall not be capable of lasting beyond the date upon which any charge under the Rules of The Association or any Offence is decided or brought to an end.
6. Where an order is imposed on an individual under Regulation 3, The Association shall bring and conclude any proceedings under the Rules of The Association against the person relating to the matters as soon as reasonably practicable.
7. Where a person is convicted, or is made the subject of a caution in respect of an Offence, that shall constitute a breach of the Rules of The Association and The Association shall have the power to order the suspension of the person from all or any specific football activity for such period (including indefinitely) and on such terms and conditions as it thinks fit.
8. For the purposes of these Regulations, The Association shall act through its Council or any committee or sub-committee thereof, including the Board.
9. Notification in writing of an order referred to above shall be given to the person concerned and/or any club with which he/she is associated as soon as reasonably practicable.
10. The applicable standard of proof shall be the civil standard, of the balance of probability. The more serious the allegation taking into account the nature of the misconduct alleged and the context of the case the greater the burden of evidence required to find the matter proved. Save that for changes pursuant to

The Football Association's Child Protection Policy, where the welfare and protection of children shall be paramount and the test shall be whether more likely than not.

For further details of The FA's Regulations, see The FA's Handbook for the current football season.

Appendix 2 – Signs and Indicators of Abuse

What is abuse?

Where and how does it happen? Does it really happen in sport and indeed, in football? 'Child abuse' is a term used to describe what happens when a person, or group of people, harm a child or young person under the age of 18. Child abuse may mean that harm is actively done to the child or young person, such as beating or burning, or it may refer to neglect where the carers fail to protect the child or young person from harm. The abuser is often an adult, but may also be another young person and occasionally even a child. Usually the abuser has some sort of power over the child or young person, and often knows them well. Abuse can happen anywhere, e.g. in the family, any institution or group and in any activity where children or young people are present. There is a risk that direct abuse, or neglect, can happen in football.

The FA defines abuse into five categories. These are:

- Neglect
- Physical abuse
- Sexual abuse
- Emotional abuse
- Bullying

Neglect

Neglect takes place if adults fail to meet a child or young persons basic physical needs, e.g. for food, warmth and clothing, or emotional needs such as attention and affection, It occurs if children or young people are left along or inadequately supervised or where they are exposed to danger, injury or extreme weather conditions.

In football, neglect could occur if children or young people do not have proper supervision, clothing or are allowed or encouraged to play whilst injured. It could occur if a child or young person's particular health needs are disregarded before, during, or after a game.

Physical Abuse

Physical abuse occurs if people physically hit, burn, poison, shake or in some way hurt or injure children and young people, or fail to prevent these injuries from happening.

In football, physical abuse could happen where training methods are inappropriate for the developmental age of the child or young person, where they are allowed to play with an injury or where inappropriate drugs or alcohol are offered or accepted. It would clearly happen if a child or young person is hit or physically restrained or manhandled by those supervising the game or training session.

Sexual Abuse

Sexual abuse occurs if children or young people are used to meet another person's sexual needs. This includes any form of sexual behaviour with a child or young person (by an adult or another child or young person), the use of sexually-explicit language and jokes, inappropriate touching and exposure to pornographic material.

Sexual abuse can occur in football. For example, where there is inappropriate touching, or where sexually-explicit jokes occur between adults and children or young people or if indecent images are taken or adapted and placed on child pornography sites.

Emotional Abuse

Emotional abuse includes frequent threatening, taunting or sarcastic behaviour, along with holding affection or being extremely over-protective. It includes racist or sexist behaviour and demeaning initiation ceremonies. It

can be inflicted by other children and young people as well as by adults. Children and young people who are being abused or bullied in any way will also experience emotional abuse.

In football, coaches or parents emotionally abuse children and young people if they constantly criticise, abuse their power, or impose unrealistic pressure to perform to a high standard. It may also occur if a club allows members to deride people with disabilities or from minority cultures and use derogatory language about them.

Bullying

Although anyone can be the target of bullying, children and young people who are perceived as “different” from the majority may be at greater risk of bullying. This includes children and young people from minority cultures or children and young people with disabilities. Victims are often shy and sensitive and perhaps anxious or insecure. Bullying can be defined as:

- Physical: hitting, kicking and theft
- Verbal: name calling, constant teasing, sarcasm, racist or homophobic taunts, threats and gestures
- Emotional: tormenting, mobile text messaging, ridiculing, humiliating and ignoring
- Sexual: unwanted physical contact or sexually abusive comments.

Bullying can take place anywhere, but is more likely to take place where there is inadequate supervision. In football it is more likely to take place in the changing rooms, or on the way to and from the football pitch – but can also take place at a training session or in a competition.

Football’s competitive nature can create and even support an environment for the bully if individuals and clubs are unaware. The bully in football can be a parent who pushes too hard, a coach or manager who has win-at-all costs philosophy; a child or young person intimidating another; or an official who places unfair pressure on a child or young person.

The victim is often weaker and less powerful and the outcome is always painful and distressing.

In an NSPCC survey of young people (2000), bullying was reported to be the most common source of distress and anxiety.

Signs and indicators

Children and young people are reluctant to tell someone when they are being abused, so it is essential that every adult is aware of the possible signals that a child and young person’s welfare or safety is being threatened. However, there is rarely a clear sign and you may often have to piece together various snippets of information and rely on your instinct that something does not seem quite right.

You may have one piece of information that, when added to that of others, forms a clear picture of abuse. This is often compared to fitting pieces of a jigsaw together. Only when you have a few pieces can you start to see the true picture.

Remember, it is not your job to decide whether or not a child or young person is being abused – however it is your responsibility to share your concerns.

Child protection and best practice

Guidelines

Use of images of children/young people under the age of 18

INTRODUCTION

The **Child protection and best practice – Guidelines** have been developed to provide clubs, leagues and County FA's with advice and guidance on the use of images of children and young people and is integral to the work of The FA's National Game Division. It is recommended that this is adopted by clubs, leagues and County FA's and the Ten Golden Rules made available to as many people as possible. The whole policy document should be kept by the organisation's administrators for future reference.

Any change to this guideline will be notified via The FA's website and in any relevant publications. Please remember that the safety of children and young people should be paramount in all your activities and this has been designed to help you in this.

The Football Association is committed to providing a safe environment for children/young people under the age of 18. Implicit in this is the commitment to ensure that all publications, resources and media represent participants appropriately and with due respect. By adopting the points outlined in this guideline you will be putting in place the best possible practice to protect children and young people wherever photographs or recorded images are taken and stored.

KEY CONCERNS

The key concerns contained within this policy regarding the use of images of children/young people relate to:

- The possible identification of children when a photograph is accompanied by personal information
- The inappropriate use, adaptation or copying of images for use on child pornography websites
- The taking of inappropriate photographs or recorded images of youngsters.

RECORDING IMAGES OF CHILDREN/YOUNG PEOPLE

There have been concerns about the risks posed directly and indirectly to children and young people through the use of photographs on sport web sites and other publications. Photographs can be used as a means of identifying children when they are accompanied with personal information, for example: "This is a member of the Anytown Junior Football Club who likes Atomic Kitten". This information can make a child vulnerable to an individual who may wish to start to "groom" that child for abuse. Secondly the content of the photo can be used or adapted for inappropriate use. There is evidence of this adapted material finding its way onto child pornography sites.

GUIDELINES FOR RECORDING IMAGES

- All children featured in recordings must be appropriately dressed with outer clothing garments covering their torso from at least the bottom of their neck to their thighs, (i.e. a minimum of vest/shirt and shorts)
- The photograph should ideally focus on the activity. Where possible images of children/young people should be recorded in small groups (the group may comprise any combination of adults and children)
- You should ensure that images of a young person, who is under a court order, are not recorded or published
- Any instances of the use of inappropriate images should be reported to The FA/NSPCC Helpline or the Internet Watch Foundation (IWF)
- Club's or organisation's coaches and teachers should still be allowed to use video equipment as a legitimate coaching aid. However, footballers and their parents/carers should be aware that this is part of the coaching programme and care should be taken in the storing of such films

GOAL

A better future for football

GUIDELINES FOR PUBLISHING IMAGES

- If the child is named, avoid using their photograph
- If a photograph is used, avoid naming the young person or use their first name only. Personal details of children such as an email address, home address and telephone numbers should never be revealed on a website
- Ask for the child's permission to use their image. This ensures that they are aware of the way the image is to be used to represent the sport. A Parent/Carer and Child Permission Form is the best way of achieving this and can be done at the beginning of the season (see Permission Form)
- Ask for parental/carer permission to use an image of a young person. This ensures that parents/carers are aware of the way the image of their child is representing the sport. A Parent/Carer and Child Permission Form is the best way of achieving this and can be done at the beginning of the season (see Permission Form)
- In order to guard against the possibility of a young person under a court order appearing on a website, the simultaneous streaming of images onto a website is not recommended. Delayed streaming also provides an opportunity for the editing of inappropriate clips (e.g. disarranged clothing). If video/film clips are delivered from your own server that material can be downloaded, it is therefore recommended that you use an independent server so that material cannot be accessed, copied or downloaded
- Think about the level of consideration that you give to the use of images in all publications, for example the processes used in choosing photographs for a publicity brochure for the club. Apply an increased level of consideration to the images of youngsters used on websites. Simple technology features such as watermarking may dissuade third parties from using or attempting to access controlled imagery
- Try to take photographs that represent the broad range of youngsters participating safely in football. This might include:
 - boys and girls
 - minority ethnic communities
 - a range of clothing e.g. tracksuit/jogging trousers
 - girls with hair covered e.g. baseball cap or scarf
 - disabled people
 - glasses if not actually playing at the time
 - shin pads must be on if they are recorded playing
 - jewellery should be removed in all images

GUIDELINES FOR USE OF PHOTOGRAPHIC FILMING EQUIPMENT AT FOOTBALL EVENTS

There is evidence that some people have used sporting events as an opportunity to take inappropriate photographs or film footage of young and disabled sportspeople. While this might be rare in football you still have a duty of care to young people to ensure that this risk is as small as possible. By taking some simple steps you will be reducing that risk.

If you are commissioning professional photographers or inviting the press to a football activity or event it is important to ensure they are clear about your expectations of them in relation to child protection.

- Provide a clear brief about what is considered appropriate in terms of content and behaviour
- Issue the photographer with identification, which must be worn at all times (see Event Registration Form)
- Inform participants and parents that a photographer will be in attendance at an event and ensure they consent to both the taking and publication of films or photographs
- Do not allow unsupervised access to footballers or one to one photo sessions at events
- Do not approve/allow photo sessions outside the event or at a footballer's home

GOAL

A better future for football

Parents and spectators might also wish to take photographs or record their children participating at the event:

- If parents or other spectators are intending to photograph or video at an event they should also be made aware of your expectations
- Parents and spectators should be required to register at an event if they wish to use photographic equipment (see Event Registration Form)

In addition:

- Participants and parents should be informed that if they have concerns about inappropriate or intrusive photography these should be reported to the event organiser or official and recorded in the same manner as any other child protection concern
- Event organisers should approach and challenge any person taking photographs who has not registered with them. They might need to refer to the local police force if this person continues to record images

SUMMARY

Child protection is about putting in place the best possible practices and procedures; this will protect not only the child but also you, the adult, in football. If you have any comments on this guideline or require any further support or guidance relating to children and young people please contact The FA Child Protection Department.
